

**EuregioLab2023
Dine & Discuss**

**POWERING
THE FUTURE:
Bridging Perspectives on Renewable
Energy in Europe and the Alpine Region ***

**Monday, August 21st, 2023, 6:30 PM
Alpbach, Hotel Alphof**

An Interdisciplinary conversation hosted by the European Region Tyrol-South Tyrol-Trentino during the Euregio Days at the European Forum Alpbach.

Programme

18:30 Opening remarks

Matthias Fink, EGTC European Region Tyrol-South Tyrol-Trentino

18:35 Welcome of participating European University Alliances and partnerships

Aurora European University Alliance

Thomas Baumgartner, Head of Aurora European University Office, Aurora Institutional Coordinator, Head of Aurora European University Office, Aurora Institutional Coordinator, University of Innsbruck

ECIU European Consortium of Innovative Universities

Maurizio Marchese, Vice-Rector for the Development of International Relationships and and component of the ECIU Board, University of Trento
Mara Sartori, Head of Institutional Relations Office, University of Trento

Ulysseus European University

Siegfried Walch, MCI Representative in the General Committee of Ulysseus European University, MCI Representative in the General Committee of Ulysseus European University, MCI | The Entrepreneurial School

18:40 Brief introduction to the topics and discussion in the “World Café” format

Social acceptance of renewable energy innovations

Bohumil Frantal, Senior Researcher, Faculty of Science, Palacky University Olomouc; Senior Research Scientist, Institute of Geonics, Czech Academy of Sciences, Brno
Wolfgang Streicher, Professor for Energy Efficient Building with Focus on Renewable Energy, Department of Structural Engineering and Material Sciences, University of Innsbruck

The potential of scientific and technological and education in the field of energy

Luigi Crema, Director Sustainable Energy Center, FBK Research Centre, Trento und President of Hydrogen Europe Research, Bruxelles

Mauro Casotto, Director Enabling Infrastructures, Trentino Sviluppo, Trento
Maurizio Marchese, Vice-Rector for the Development of International Relationships, Associate professor Department of Information Engineering and Computer Science, University of Trento

Advancing Renewable Energy and Sustainable Technologies: Empowering Europe's Green Future through Innovative Energy Management and Activated Carbon Production

Abdel Ganir Njikatoufon, Post-Doc Research Fellow at the Faculty of Economics, University of Genoa

Angela Hofmann, Professor for Process & Energy Engineering, Head of Josef Ressel Centre, MCI | The Entrepreneurial School

Final remarks by the local universities hosts

20:00 Flying buffet

Moderation: Cora Mantel, Project manager, Nonprofit, Social & Health Care Management, MCI Management Center Innsbruck

In recent years, the Euregio Days of the European Forum Alpbach have developed into a meeting place and showcase for the innovation and research landscape of the European region Tyrol-South Tyrol-Trentino. This year the traditional Tyrol Day (20.08.2023, 10:45-12:45) will become the Euregio Summit Energy Transition & Security of Supply.

For the first time, the EuregioLab will take place directly after the Tyrol Day in Alpbach. The EuregioLab is a think tank of about 20 experts from the three territories of the Euregio (administration, energy industry, research, civil society), who will develop from Sunday evening until Tuesday August 22nd 2023 strategies and recommendations for joint Euregio projects in the field of energy transition and security of supply on site in Alpbach.

At the halfway point of EuregioLab 2023, the Dine&Discuss will take place with the universities from the European region Tyrol-South Tyrol-Trentino, which will contribute their international networks, especially within the framework of the European universities. This offers the EuregioLab participants and guests an ideal possibility for an interdisciplinary exchange on the opportunities and challenges in the field of energy transition and security of supply also from a technological, political and economic point of view.
